When Caucus! The Musical was first presented to audiences as a staged reading at the Des Moines Playhouse in January 2004, little did I know it would become a theatrical tradition and an international phenomenon every four years thereafter. But following the 2016 production (the best, in my opinion), I felt the show had run its course, as the political landscape—and audience sensibilities to political satire—were rapidly transforming.

Still, I felt the three-ring circus known as the Iowa Caucuses was fertile ground for musical comedy, so in early 2019 I started jotting down ideas for an entirely new show. As the number of presidential aspirants surpassed the two dozen mark, it dawned on me that a nearly-perfect musical in which many characters are vying to be the “one singular sensation” had already been written and was ripe for parody—A Chorus Line. At that moment, Adore Us! Line was born.

The concept was simple: rather than dancers auditioning for a Broadway director, the real-life 2020 Democratic candidates would be auditioning for an Iowa Voter (as they do!). As I began writing the script and lyrics, I established three ground rules:

1) the show would parallel the original ACL as much as possible—the character types, the song order, the balance between comedic and serious moments, etc.;

2) discussion of political issues would be off-limits. This would be purely a character study; and

3) it would not be a condemnation of Republicans and the current POTUS, nor would it be a love letter to Democrats.

And, for true fans of Caucus! The Musical, I threw in a few Easter eggs throughout the show for them to discover.

Of course, without the Board, staff, and artists of Iowa Stage Theatre Company, who wholeheartedly committed to presenting the world-premiere production based only on a pitch, Adore Us! Line may have never made it from the page to the stage. And without you, the audience, there is no theatre. I am grateful to the countless number of people who have demonstrated their belief in me and my talents throughout the development of this project.

Enjoy the show!

A Message from the Board

Iowa’s rich political identity reaches a crescendo every four years with our first in the nation caucuses. In the early 1970s, Democrats in Iowa determined that they needed to move the caucuses to earlier in the year to hold distinct district and state conventions, moving towards more grassroots input and away from the political machinery that had dominated candidate selection up to that point.

Over the years since 1972, which represents the initial instance we had first in the nation status, Iowa has diligently held onto this spot in the political landscape, often coming under fire and being questioned, but each cycle holding on to this part of our identity as a state and contribution towards the selection of a candidate for President.

What you will experience tonight is a parody that celebrates our place in the political conversation. Oscar Wilde stated that “imitation is the sincerest form of flattery”, and I would argue that, by extension, parody fits well within our definition of imitation. Our parody of the much-celebrated musical A Chorus Line comes at a time when our nation could collectively use a little levity and relief from the current state of political affairs.

Every four years our state has the opportunity to welcome candidates, reporters, political pundits, interns, and the associated groups of friends, fans, and interested parties that come to see what the outcome of our process will bear. It’s an opportunity that brings the national conversation to our doorstep and something we, as Iowans, take enormous pride in.

And, though we take our first-in-the-nation responsibility seriously, that doesn’t mean we shouldn’t have a little fun in the process.

We wish to welcome you all to a celebration and satire of the caucuses, with each candidate making their case to the voters through song. If you are a candidate, reporter, or any one of the groups mentioned (or someone I’ve missed) above, caucus member, or just an interested theater patron, we hope you enjoy the show. On behalf of the ISTC board of directors, I welcome you to sit back and be part of our democratic tradition – and have some fun in the process!
